Transform the spaces you love

XL Joinery  
Door Collection

# Craftsmanship. Dependable. Innovative.

## COMPLETE THE LOOK

Portici with Clear Etched Glass shown with Tiber Handle

Beautifully crafted doors can transform living spaces into distinctive, stylish and timeless homes. The correct style of door in the right environment can add the finishing touch to any property, adding value and sophistication.

At XL Joinery we have over 25 years experience at the leading edge of door design and manufacture, supplying both major multiples and individual retailers with outstanding products, placing their customers needs at the core of everything we do. Our focus on quality and setting new trends to bring exciting new products to the market, has enabled us to grow to become one of the leading suppliers of interior and exterior doors in the UK.

With one of the largest stockholdings in the country as well as stringent quality control, and dedicated after-sales service, XL Joinery are a partner you can rely on for exceptional products at an affordable price.

We're passionate about the environment with over 90% of our timber products being FSC® or PEFC Certified. In fact, our systems enable us to trace the origin of the wood in all our products. This means our customers can rest assured that when they purchase one of our doors it has been manufactured following responsible forestry practices - minimizing the impact on our precious planet.

You'll find many new products in our new 2017/18 catalogue such as our Grey Collection as well as our exciting Fusion Collection. And remember, if you require something more specific that's not in our catalogue, please ask. Chances are we can produce it for you.

# Natural. Responsible. Sustainable.

There's just no substitute for real wood. From the way it looks and feels to the way it can be stained, painted and polished to create a myriad of finishes. It's a precious natural resource that requires careful management if it's going to be around for generations to come.

We're committed to looking after the environment, even our logo is symbolic of the natural materials used in our doors. We use genuine hand-matched oak throughout which includes all veneers, mouldings, lippings and inlays – guaranteeing you a premium quality end product.

**XL and the environment**

Over 90% of our products are certified to FSC® or PEFC™ standards and is increasing each year. We work closely with our manufacturing partners to ensure every product we sell comes from responsible forestry practices and can be traced back to its point of origin. In addition, ISO 14001 and ISO 9001 accreditation ensures our management systems are designed in conjunction with environmental considerations.

Our environment matters, to us and to our customers – our ultimate aim is to become fully carbon neutral in the not too distant future.

**Performance and specification**

We've dedicated an incredible amount of time and effort to ensure the products we supply are the best in their class. Many products have been assessed by independent testing organisations to ensure they can withstand the rigours of everyday life. We call it the 'demonstrable difference' and this is further backed up by the guarantees we provide.

Every product will have gone through our quality management system which is BSI accredited ISO 9001. This provides added peace of mind for our customers and ensures each door supplied has been manufactured to XL Joinery's exacting standards.

Look out for the FSC® and PEFC™ logos for certified products.

# New Styles

## Grey Collections

Our internal Grey Collections look equally stylish in a house or apartment and adds sophisticated elegance to minimalist interiors.

## Fusion Collections

Our internal Fusion Collections with its horizontal or vertical inserts in Dark Grey, Walnut or Oak provides a contemporary new twist on a modern design.

## Wardrobe Systems

Our stylish Wardrobe System range offers a simple and practical solution to making the most of your bedroom storage space.

## Mirrored Doors

A practical and stylish choice, our new mirrored doors are an innovative solution that are available on the Portici and the ever popular Pattern 10 designs.

**Pre-Finished White Collection**

Our White Collection is inspired by contemporary styles as well as more traditional designs with linear and curved inlays, glazed panels and raised mouldings.

**Easi-Glide**

An innovative solution where it's not possible to create a pocket in which the door can slide. XL Joinery Easi-Glide can be wall mounted so the benefits of sliding doors can still be utilised.

**Pocket Doors**

Pocket doors are a great solution for freeing up usable space which is normally lost with a traditional swing door. They work by creating a recess in the wall cavity into which the door can slide. Pocket doors are also great for creating stylish wardrobes and cupboards.

**XL Colours**

Choosing the right colours can create a real impact on a home. From sitting rooms to kitchens or bedrooms, colour adds both personality and character, transforming a room into a space you love.

The XL Colours finishing service provides not only stunning looking doors but also a durable solution that will look good for years to come.

# Pair Makers

The Pair Maker can be fitted to either a left or right hand door. For installation apertures add 10mm to the overall width of the two doors (not including clearance).

**Pair Maker is attached to the slave door and acts as a rebate to the other door.**

It couldn't be simpler. Just add a pair maker to any of our doors and create your very own French door pair – alternatively upgrade any two doors to a fully rebated 40mm door pair using the XL bespoke service.

Product Description	Code	Size

# Pocket Doors

Our pocket doors can provide **the perfect solution where space is tight** such as en-suites, bathrooms or kitchens.

Alternatively, create a double door room divider using two pocket doors installed side by side.

Designed to work in partition walls, each pocket door kit comes with a pre-assembled aluminium track and header mechanism.

Our system is compatible with the majority of doors in the XL range (exceptions include doors with raised beads/mouldings and fire doors), thus ensuring a harmonious look can be achieved throughout any property.

## Product comes with:

- Pocket Door system  
(Including Round Flush Pull handle)

## Hardware available:

- Soft Close and Locking Hardware  
(For use with double doors only)
- Simultaneous Action Kit
- Sliding Door Flush Pull – Satin (Rectangle)  
(As shown).

Architrave and door linings are not included.

**Dark Oak**

Colours shown for illustrative purposes only.

Please maintain regular treatment and care of pre-finished doors. For more advice on treatment and care please visit our website [www.joinery.co.uk](http://www.joinery.co.uk)

Failure to maintain/replenish the finish can invalidate the guarantee.

We do not recommend the use of clear woodstain on external doors as they give the door less UV protection than other coloured stains.

We do not recommend the use of wax, polishes or treatment with oils.
